Mano a Mano event last night-huge success!

My dear friend Mary Ellen Sanger has been leading a workshop for Mexican and Latin American writers through the NY Writers Coalition. Last night they launched a compilation of their writing, *Voces con Eco* at the Mexican Consulate. The room was packed and the *ambiente* warm and supportive. I was moved by the readings and thrilled to see the impact Mary Ellen's made on her students. NY Writers Coalition is always looking for volunteer facilitators (something I'll have on my radar most likely in a few years from now!) Congrats to all the writers, organizers and supporters! Congrats Mary Ellen!
